Gemalto Cogent Tenprint Scanner CS500e

Product Description
Gemalto Cogent Tenprint Scanner CS500e is a lightweight scanner capable of performing rolled and flat fingerprint images. Features included USB2.0/3.0 power/data interface and FBI Appendix F certification, Ingress Protection (IP) Level 54 compliant.

The intuitive LiveScan software guides the operator through the capture process and features real-time image quality check, sequence verification, auto-center, and auto-contrast functions.

The data entry process is simplified through the use of drop-down menus for demographic information, reducing operator errors and making it ideal for high-volume processing environments.

Features
> Supports flat and/or rolled capture capabilities
> Automatic calibration and table updates
> Preformatted data fields based on predefined lists
> Configurable data input features to meet state and federal specifications
> Fully compliant ANSI/NIST standards
> FBI Appendix F
> Submission acknowledgement, tracking, and reporting
> Lightweight, compact design
