Forward-Looking Statements

This communication contains certain statements that are neither reported financial results nor other historical information and other statements concerning Gemalto. These statements include financial projections and estimates and their underlying assumptions, statements regarding plans, objectives and expectations with respect to future operations, events, products and services and future performance. Forward-looking statements are generally identified by the words "expects", "anticipates", "believes", "intends", "estimates" and similar expressions. These and other information and statements contained in this communication constitute forward-looking statements for purposes of applicable securities laws. Although management of the company believes that the expectations reflected in the forward-looking statements are reasonable, investors and security holders are cautioned that forward-looking information and statements are subject to various risks and uncertainties, many of which are difficult to predict and generally beyond the control of the companies, that could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements, and the companies cannot guarantee future results, levels of activity, performance or achievements. Factors that could cause actual results to differ materially from those estimated by the forward-looking statements contained in this communication include, but are not limited to: the ability of the company's to integrate according to expectations; the ability of the company to achieve the expected synergies from the combination; trends in wireless communication and mobile commerce markets; the company's ability to develop new technology and the effects of competing technologies developed and expected intense competition generally in the companies' main markets; profitability of expansion strategy; challenges to or loss of intellectual property rights; ability to establish and maintain strategic relationships in their major businesses; ability to develop and take advantage of new software and services; the effect of the combination and any future acquisitions and investments on the companies' share prices; and changes in global, political, economic, business, competitive, market and regulatory forces. Moreover, neither the companies nor any other person assumes responsibility for the accuracy and completeness of such forward-looking statements. The forward-looking statements contained in this communication speak only as of the date of this communication and the companies are under no duty, and do not undertake, to update any of the forward-looking statements after this date to conform such statements to actual results, to reflect the occurrence of anticipated results or otherwise.

★ Overview

Olivier Piou, CEO

★ Financial Results

★ Strategic Agenda

Third quarter 2007 highlights

- ★ Revenue up 6% vs. Q3 '06 to € 401 million
- ★ Growth in all main segments
- ★ SIM ASP up 4% vs. Q2 '07 driven by mix improvements and strict price discipline
- ★ Government Programs revenue up 39% vs. Q3 '06 driven by strong deliveries in US and EMEA
- ★ Growth in our Allynis service activities, particularly personalization in Secure Transactions
- ★ Restructuring program in Western Europe taking place progressively

Revenue variations are stated at constant exchange rates and by reference to 2006 third quarter revenue
ASP variations are stated at constant exchange rates

Market developments

“ We see robust demand with product migration taking place across many regions. Operators have strong interests in more software and services. NFC pilots for mobile contactless are progressing, and we may see commercial rollouts during 2008. ”

Philippe Vallée
EVP Telecoms

Philippe Cambriel
EVP Secure Transactions

“ EMV migration is on course and contactless payment continues to see growing user acceptance in Asia, Europe and the US. ”

“ Government Programs is in strong growth overall. IAM continues to be an attractive opportunity, with strong authentication solutions in demand. ”

Jacques Seneca
EVP Security

NFC = Near Field Communication; EMV = Europay, MasterCard & VISA; IAM = Identity & Access Management

Success stories in digital security

Taiwan is set for its first SIM-based NFC pilot, with Far EasTone and its partner merchants offering its subscribers the chance to experience mobile contactless in payments, ticketing and interaction with smart posters; supported by Gemalto's technology solutions

Gemalto teamed up with Oi Brazil to deploy mobile content services to its 13 million subscribers, promoting value-added services usage through downloads, games, alerts and e-auctions

Gemalto is supplying SEB Germany with the innovative CardLikeMe™ solution which allows their 5-million customers to customize and order new credit cards via secure access to an online design portal

★ Overview

★ **Financial Results**

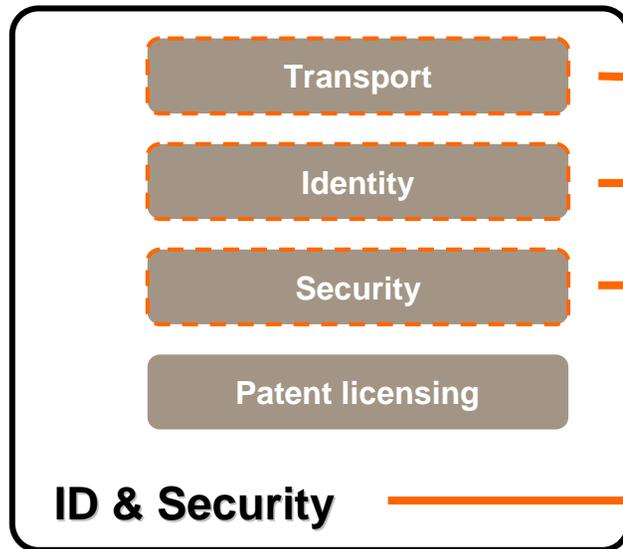

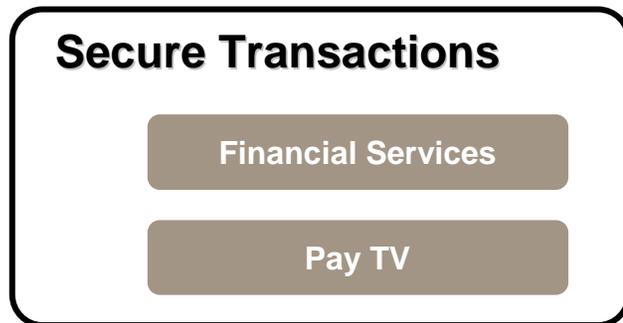

Jacques Tierny, CFO

★ Strategic Agenda

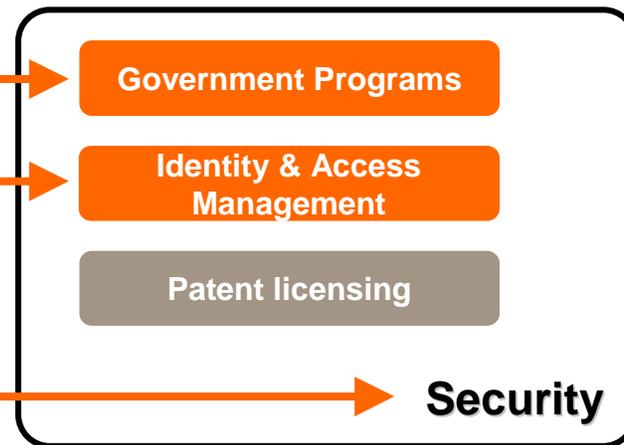

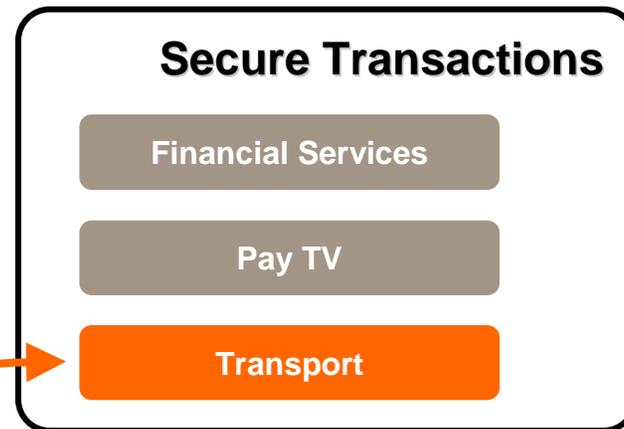

Aligning financial reporting segments

Up until June 30, 2007

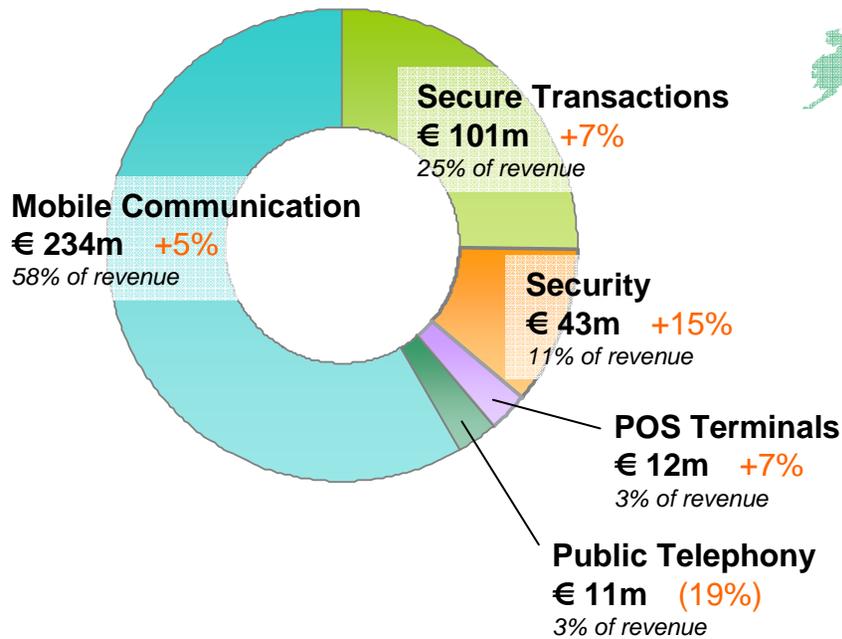

Effective July 1, 2007

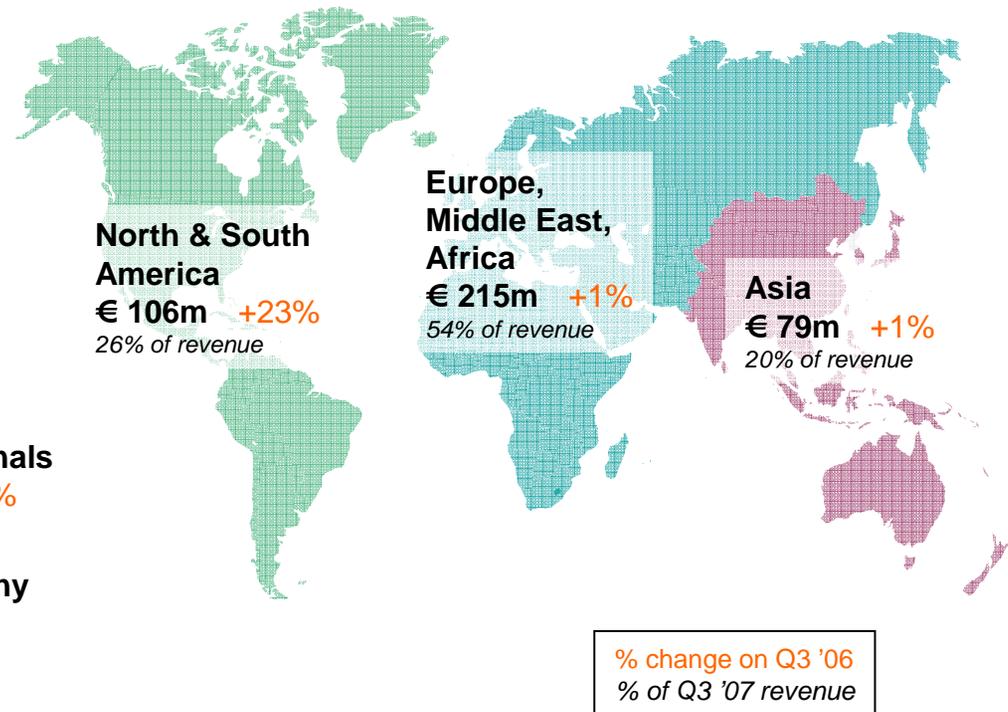

Revenue up 6% vs. Q3 '06 to € 401 million

Revenue variations are stated at constant exchange rates and by reference to 2006 third quarter revenue.
OTP = One Time Password; VAR = Value-added Reseller

Public Telephony

	Q3 2006	Q3 2007	% change
Revenue	€ 14m	€ 11m	(19%)

- ✦ Continuing decline of the memory card market as mobile telephony spreads worldwide

Point-of-Sale Terminals

	Q3 2006	Q3 2007	% change
Revenue	€ 11m	€ 12m	+7%

- ✦ Growth supported by successful launch of new technology platform in Q4 '06

Revenue variations are stated at constant exchange rates and by reference to 2006 third quarter revenue

Outlook

- ✦ In the second half of 2007, operating margin* will reflect the usual favorable seasonal pattern and the increasing contribution of our digital security solutions deployments. It will also benefit from additional cost synergies from the combination
- ✦ Gemalto continues to anticipate sustained demand in all of its key markets. It will continue to proactively make the necessary adjustments to its cost base and remains determined to reach its stated objective of an operating margin* above 10% in 2009

* Prepared on an adjusted basis, excluding one-off expenses incurred in connection with the combination with Gemplus, reorganization charges and charges resulting from the accounting treatment of the transaction.
